Design AI Agents with OpenAI AgentKit

Develop Intelligent AI Agents with OpenAI

Deploy AI Agents with OpenAI

Apr 13, 2026

Israel Oduguwa

has successfully completed the online Specialization

Building AI Agents with OpenAI

Learners who complete the Building AI Agents with OpenAI Specialization demonstrate expertise in designing, developing, and deploying intelligent AI agents using OpenAI's advanced frameworks. They apply structured reasoning, memory architectures, retrieval-augmented generation (RAG), and the Model Context Protocol (MCP) to build autonomous, context-aware systems capable of real-world decision-making and tool execution. Learners also gained hands-on experience with AgentKit, Pinecone, and Streamlit to plan, implement, and deploy multi-agent applications that deliver reliable, scalable performance in modern AI-driven environments.
